Re: Information Request for the Proposed reversion of bid **70968180**.

Mr. Staker:

I sent you a letter (copy attached) via email on 05/06/2016 and have yet to hear back from your office. As previously stated I am currently investigating your proposed reversion of duty assignment **70968180** and as such I'm requesting all pertinent information relating to that job.

It is my hope that we can bargain in good faith to resolve any contractual issues at the lowest possible level. With that goal in mind it is imperative that I be provided with the necessary information required to conduct a thorough investigation as soon as possible. Any continued delays in fulfilling this request for information only serve to hinder the grievance procedure and our ability to bargain in good faith with one another.

I look forward to working with you for the benefit of both the United States Postal Service as well as the APWU bargaining unit employees. Please feel free to contact me concerning this reversion or the requested information as I would welcome the opportunity to discuss these matters with you.

Thank you in advance for your assistance in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Benjamin Love".
