Re: COVID-19 Vaccine

Dear Representative Demings:

As the President of the Central Florida Area Local #1462, which is one of the largest unions in Florida, I have been advised that there are several areas that have reached out to their Congressmen and Congresswomen, and they in turn were able assist in facilitating their Union Halls as HUBs to vaccinate many of their members, and even their family members. We have a rather large office at 10501 S. Orange Avenue Suite 117 in Orlando Florida 32824, so we would and could accommodate this. We would be able to provide social distancing, masks, and whatever we would need to accomplish this. As being a very prominent member of Congress representing Florida's 10<sup>th</sup> Congressional District, I am hoping that you could assist us. I have read and heard that the COVID-19 vaccination HUBs are welcome here in our great state of Florida, and I would like to facilitate such at our Union Hall. I look forward to your soon response. Thank you in advance.

Sincerely,
