Dean Moseley  
Postmaster  
Kissimmee, FL

Dean:

I wanted to memorialize our meeting that both Bob McSorley and I were in with you and Mr. Frank Stallworth. The meeting, among other things, was dealing with the requests for information not being received in a **timely** manner, and that the APWU was not notified that Mr. Stallworth was the USPS designee that was to receive these requests from the union. The APWU is not concerned as to who from your staff we should submit these requests to, we are simply needing the requested information **timely**. It seems to me that there will be an issue with this 'new' protocol as I will demonstrate below as examples:

- On 11-23-2018 Richard Quinlan submitted 2 separate RFIs to Frank, Frank forwarded them to Sarah on 11-24-2018 (**2 days so far**), Sarah mailed them with a tracking number **7018113000000915927** on 11-26-2018 (**now 4 days**), and it says delivered on 11-27-2018 at 10:15 am (**Richard was off that day**) to who knows who. Who was this delivered to? Was it sent certified or delivery confirmation?
- The second RFI was once again given to Frank on 11-23-2018, Frank forwarded it to Sarah on 11-24-2018 (**2 days**), Sarah sent this to who knows who with a tracking number of **7018113000000915934** on 11-27-2018 (**5 days**), and it is still not delivered as of 11-28-2018 to who knows who it was sent to.

As you can see, this is really unacceptable, and with the constant delays of the requested information being provided to the APWU, there should be no confusion as to why the APWU has concerns, and the reasoning behind the many Unfair Labor Practice charges that have been filed. Since the meeting on Monday, 11-26-2018 we had with you and Frank, we were thinking that the RFIs would be **timely** with your new protocol, but we are leery at best about this.

It seems that the USPS in Kissimmee is sending things to point A, point A sends then to point B, point B sends them to point C and so forth, which is clearly demonstrating a delay in the APWU receiving our information, which is critical in the grievance arbitration procedure. The APWU's position is quite simple, we (APWU) request the information, and we are to receive it back **timely**, and we are unconcerned with the USPS's intricate mechanism as to how to retrieve this requested information, we just need it **timely**! Going forward, when the APWU requests this information we will, as you have suggested in writing for us, to send these requests to Mr. Stallworth, so please send the information to the address below. By doing so this will ensure that the APWU actually receives it, and I must reiterate that

we need it **timely** and not the day or two prior to the Step 1 or Step 2 meeting. If you have any questions and/or concerns feel free to contact me. It is hoped that these issues improve going forward.

**CFAL, #1462**  
**10501 S. Orange Ave., Suite 117**  
**Orlando, FL 32824**

Sincerely,

A handwritten signature in black ink that reads "Joe Paul". The signature is fluid and cursive, with the first name "Joe" and last name "Paul" clearly legible.

President
