Kimberly Cribbs
USPS Labor Relations
Suncoast District:

Kim:

I was sent 2 PDFs this morning which have (10) separate grievance monetary settlements that have **NOT** been paid to the employees as of today's date. Most of these are close to 7 months old, and as you can imagine, this is **unacceptable**. Although we have a good labor/management rapport, it is imperative that these resolves are paid out **immediately**. The grievance procedure is quite basic and these must be paid out per Article 15 of the Collective Bargaining Agreement! Please send me a copy of **every** Payroll Adjustment for **each** numbered grievance so that I can advise my membership of when they can expect their resolves.

If I would have known these 10 outstanding grievance concerns were in limbo, I would have acted prior to this. I will **POST** this on the APWU Bulletin Boards in the Seminole P&DC so that the members and non-members alike know that they should be receiving their monetary settlements.

If you are unable to take care of these, please assign someone who can, so that these get cleared up as expeditiously as possible. If you have any questions/concerns feel free to contact me.

Sincerely,

President, CFAL
