Don Shandor
Plant Manager
Orlando P&DC

Don:

Per our conversation earlier today regarding supervisor Mike Hayes contacting Clerk Craft employees at home for overtime opportunities, you have agreed that this will not continue. As you know, our Local Memorandum of Understanding (LMOU), Article 30, Item 14.1.d states:

14.1.d With the exception of the MVS craft, no employee will be called at home and scheduled for overtime opportunities.

It is the position of the APWU that overtime opportunities should be given to employees face-to-face and placed on the posted work-schedule so as to avoid irregularities and contractual violations of Article 8. When members of your staff violate this item of the LMOU, it invariably harms my members. If you have any questions surrounding this I am available to speak with you.

Sincerely,

A handwritten signature in black ink that reads "Joe Paul".

President
