STEWARDS AND ALTERNATE STEWARDS NEEDED

Upcoming Training

Your newly-elected Officers have been in office two weeks now and we are excited to hear from the dozen or so members who have already expressed interest in becoming Stewards/Alternates in our Plants and Associate offices. We will soon be holding a Stewards Class at the Union Office and are committed to an ongoing training process to make sure that our member's contractual rights are defended at all times.

At training, you will be given the tools to represent your fellow brothers and sisters with a goal to provide our members the transparency, honesty, follow-through, integrity, and quality representation that each member deserves. Some important items that will be addressed at training include:

- Addressing concerns from the workroom floor;
- Listening to concerns, filing grievances, and keeping members updated through all steps of the grievance procedure;
- Making sure that no one goes unheard or unrepresented;
- Being attentive to member concerns,
- Treating members with dignity and respect; promptly dealing with those who disrespect others;
- Being professional, firm, fair and diligent;
- Using the Electronic Grievance System (EGS).

If you are interested in stepping up to assist your local as a Steward or Alternate Steward, please call the Union office at 407-854-6396, email Vice-President Bob McSorley at CFALVP@gmail.com or email me at JPPaulAPWU@gmail.com.

In Solidarity,

A handwritten signature in black ink that reads "Joe Paul".

President
