*Office of Joe Paul
APWU Representative*

November 13, 2014

Judy West, Postmaster
Howey in the Hills Post Office

Judy:

The Central Florida Area Local (APWU) has been informed that your office is presently designated as an Administrative Post Office (APO), which has the Yalaha Post Office coming under your jurisdiction as a Remotely Managed Post Office Level 6 (RMPO). According to the Memorandum of Understanding; *Re: POSTPlan: Staffing of Offices, Filling of Assignments, PSE Usage and Conversions*, dated September 22, 2014, I have a few questions and requests.

As you know each Level 6 RMPO will be staffed with Level 6 Career full-time employees. These employees may be assigned to a Traditional or a Non-Traditional Full-Time duty assignment (NTFT). Are there any career employees with retreat rights back to the Yalaha Post Office, and if so please provide the name and location of any such employee? Are there any employees presently working in this office, and if so, please provide the name of said employee(s) and categories of each? I am requesting to discuss the creation of any duty assignments for your office so that the APWU can provide meaningful input into this discussion. We would also like to participate in new employee orientation per Article 17.6 as soon as possible.

According to POSTPlan mutually agreed upon Questions and Answers, specifically question(s) 19-22, we would like to meet with you and your staff to look into some items regarding the LMOU for this office. As you know, the time-frame for these negotiations is from November 30, 2014 through December 29, 2014. I look forward to your soon response.

Sincerely,

A handwritten signature in black ink that reads "Joe Paul".

Joe Paul
APWU
