*Office of Joe Paul
APWU Representative*

November 13, 2014

Carole Crosby, Postmaster OIC
Mulberry Post Office

Carole:

The Central Florida Area Local (APWU) has been informed that your office is presently designated as an Administrative Post Office (APO), which has the Bradley and Nichols Post Offices coming under your jurisdiction as a Remotely Managed Post Office Level 4 (RMPO). According to the Memorandum of Understanding; *Re: POSTPlan: Staffing of Offices, Filling of Assignments, PSE Usage and Conversions*, dated September 22, 2014, I have a few questions and requests.

As you know each Level 4 RMPO will be staffed with one Pay Level 6 Postal Support Employee (PSE). Are there any career employees with retreat rights back to the Bradley and Nichols Post Offices, and if so please provide the name and location of any such employee(s)? Are there any PSE employees presently working in this office, and if so, please provide the name of said employee? Once these assignments are filled, and a Postal Support employee is assigned to the Bradley and Nichols Post Offices, please send me all of the particulars. We would also like to participate in new employee orientation per Article 17.6 as soon as possible.

According to POSTPlan mutually agreed upon Questions and Answers, specifically question(s) 19-22, we would like to meet with you and your staff to look into some items regarding the LMOU for this office. As you know, the time-frame for these negotiations is from November 30, 2014 through December 29, 2014. I look forward to your soon response.

Sincerely,

A handwritten signature in black ink that reads "Joe Paul". The signature is written in a cursive style.

Joe Paul
APWU
